

# Happy 17th Anniversary To Us!

## And You're Invited To The Festivities on Saturday, April 14th!

Thanks to all of our customers and friends who've been with us since we opened the doors in March of '91, and to all of our new customers and friends who've joined us over the past 17 years.

There were a couple of times that we weren't sure we'd make it.

Droughts in '91 and '92, plus a nationwide economic downturn in the first year made things pretty bleak. But we've persevered, expanded and gained a reputation for rare, unusual and hard-to-find plant material, as well as innovative, high-end landscape installations.

To show our gratitude, we're throwing a "17th Anniversary Bash," replete with the renowned local Dave Santanna Jazz Band, Tri-County BBQ serving their best foods, Allegro Wines providing their best vino, and tasty snacks/soft drinks will also be served.

The festivities begin at 10am and finish at 3pm.

Bring the entire family.

There will be thousands of specimens of fresh trees and shrubs, perennials, ornamental grasses, herbs, ground-covers, Alpine perennials and much more for you to peruse and purchase.

In addition to one of the finest and largest selections of plant material anywhere, we routinely feature many varieties of herbs, over 700 varieties of perennials, ornamental grasses and bamboos, and more than 600 cultivars of nursery stock, ranging from the common to the very rare, unusual and hard-to-find.

At any one time, we have 500-plus different Japanese Maple cultivars on display and for sale. No one else even comes close.

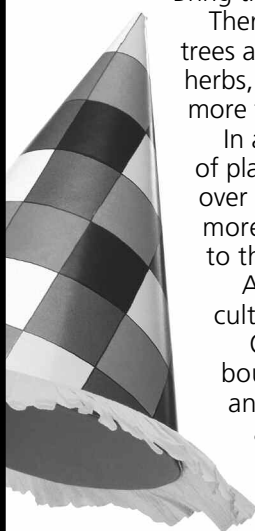

Our **new** Stone Display Yard showcases stacked stone walls, boulder walls, irregular flagstone patios and walks, brick patios and walks, boulders for landscapes, dry-stream beds, river jacks and much more. It's adjacent to the main parking lot, so be sure to visit it to see what can be done with stone.

And our **revamped** Collector's Rare Plant Nursery has been supplying gardening enthusiasts for 14 years, and is a **must** for Connoisseurs and Serious Collectors.

Our Nursery Division can supply any request from the common to very rare and unusual material. And if you need a tree or shrub moved, we feature a special team capable of easily moving anything from 1-inch to 6-inch diameter trees.

Call us for a free consultation and estimate.

**OUR WARRANTY:** is unmatched by anyone, anywhere, and is one (1) year from date of purchase if you install the plant material; it is five (5) years if we install the material. Call, write or email for a complete copy of The Warranty. Drop by our highly-awarded Website on The InterNet for a tour of the Garden Center & Nursery. It's located at <http://www.gdnctr.com/> for those digerati among you out there who are connected on-line. Once again, no other Garden Center, Nursery or Mass Merchandiser even comes close.
